

Theatre and Appointment Overview

Last Modified on 29/08/2024 9:22 am ACST

This article is part of the systems administration guide. You will require administration access to view the pages mentioned in this article.

The Theatre List module allows you to manage theatre Lists for external hospitals.

Key features:

- Use the appointment system to record theatre bookings and follow up booking.
- New appointment fields for theatre bookings such as procedure, hospital notes, fasting time, plus more.
- Print formatted theatre lists.
- Create and print formatted operation reports.
- Record if all preparatory steps have been completed for a theatre list.
- Assign default anaesthetists to a theatre list.

System Administration

1. Update calendar settings

2. Create new calendar session type

Usage
