

Future Appointment

Last Modified on 30/03/2019 6:42 pm ACDT

This article is part of the systems administration guide. You will require administration access to view the pages mentioned in this article.

The Future Appointment replacement variables give access to certain fields on the Appointment create/edit screen. They use data from the *next upcoming appointment* for the patient at the time of letter generation.

The Variable name matches the field on the appointment create/edit screen.

List of *Future Appointment* Replacement Variables:

- { Future Date } - Date of the next upcoming appointment
 - { Future Start Time } - Day of the next upcoming appointment
 - { Future Start Time } - Start time of the next upcoming appointment
 - { Future Start Time 12 Hour } - Start time of the next upcoming appointment i.e 3:00pm
 - { Future Duration } - Duration of the next upcoming appointment
 - { Future Provider } - Provider name of the next upcoming appointment
 - { Future Location } - Location Description of the next upcoming appointment
 - { Future Appointment Type } - Appointment Type of the next upcoming appointment
