

Regions - Overview

Last Modified on 12/05/2021 2:06 pm ACST

Overview

Once the Service Locations have been created, any applicable Regions can be activated. Regions are predefined in CareRight (see below) however you can add additional Regions which may be required for individual Health Fund contracts - see Adding Customs Regions

Note

Only activate those Regions which are active for your organisation.

Predefined Region listing

- National
- Australian Capital Territory
- New South Wales
- Northern Territory
- Queensland
- South Australia
- Tasmania
- Victoria
- Western Australia

If you want to **activate the region**, please refer [here](#)
