

Import of Transcribed Letters (HL7)

Last Modified on 03/04/2019 7:43 pm ACDT

This article is part of the systems administration guide. You will require administration access to view the pages mentioned in this article.

To set up the Importing of Transcribed Letters from 3rd party service provider may first require some development work by the provider. Clintel will send them a specification advising what formats and structures we required to be able to import.

Please contact Clintel for further information.
