

# How do I add the new COVID19 MBS items?

Last Modified on 26/03/2020 2:32 pm ACDT

The new MBS file (March 13) contains the new COVID19 items. The process for importing the new item numbers (which will also update the MBS schedules) is outlined in the following online guide:

<https://careright.knowledgeowl.com/help/qrg-updating-mbs-rates>

You will then need to follow the instructions in <https://careright.knowledgeowl.com/help/adding-a-new-item-code> to add the required items for billing.
