

# Uninvoiced Admissions

Last Modified on 01/02/2024 11:05 am ACDT

The Un-invoiced Admissions screen is used to identify admissions that have not been invoiced.

You can directly create your Hospital Or medical Invoices from this screen. A second tab will open automatically to allow you to create an Invoice.

Please refer to [Invoice from Uninvoiced admissions](#) for instructions on how to create invoices straight from the un-invoiced admission tab.

- 1. From the Dashboard, click **Uninvoiced Admissions**
- 2. Hospital And Medical admissions are separated into two different tabs here
