

How to check Statutory Report for changed Admissions

Last Modified on 06/05/2020 12:58 pm ACST

How to check Statutory Report for changed Admissions?

If you are finding that an "!" when you view stat reporting this means that a modification has been made to one of the admissions that was included in the stat report. To keep the statutory report body happy you should regenerate and submit the file with the changes that have been made to the admissions.

To find out what admissions have changed clicking the **Regenerate** button. Before the stat report is regenerated it will direct you to a summary page.

Statutory Reports

Start Date	End Date	Type	Version	Description	Status	Generated	Actions
01/08/2019	31/08/2019	HCP	1000	Hospital to Department Hospital to BUPA Australia HSMdb Import File	Generated	05/05/2020 at 03:07 PM	Download Regenerate
01/07/2019	31/07/2019	HCP	1000	Hospital to Department HSMdb Import File	Generated	05/05/2020 at 03:00 PM	Download Regenerate

At the bottom of the summary page you will see the total number of admissions that will be included in the stat report. Clicking the **Show** button will then give you a summary of the admissions that will be included in this stat report. Clicking the **Run Report** button will generate a new stat report. NOTE: This report will supersede any previous run status reports for this month.
