

## 6.67.1 - Release Notes

Last Modified on 02/07/2020 8:56 pm ACST

### About this Release

In each release there may be new features and functions that require one or all of the following:

- Purchase of a module to access
- User Training
- Specific process to be used to ensure correct functioning

Please read the release notes and the corresponding manual pages to ensure that you understand the changes being made, what module they are associated with and how they impact on your business processes.

If you have any questions about anything in a release, please contact support either by phone or through a RedMine ticket.

### Release Notes for CareRight 6.67.1

Clintel Ref #	Summary	Changes	Reference	Manual Type
77150	Enhanced facility ID usage for service locations.	Improved usage of the facility ID number for service locations by introducing an additional field, "Medicare Facility ID," that can optionally be used when different from the "Hospital Provider Number".	<a href="https://careright.knowledgeowl.com/help/service-locations">https://careright.knowledgeowl.com/help/service-locations</a>	SysAdmin Guide
77151	Introduced support for handling of Minor IDs for OEC requests in multi-hospital environments.	Added a new field in Accounting Setups called "OEC Location ID (Minor ID)" that auto-generates a new OEC Minor ID that more clearly supports OEC requests in CareRight installs in multi-hospital environments. Also introduced a verification system to ensure the accuracy of the generated OEC Minor ID.	<a href="https://careright.knowledgeowl.com/help/accounting">https://careright.knowledgeowl.com/help/accounting</a>	SysAdmin Guide
