Definition of Program Forecasts?

The Program Forecasts interface displays a forecast of the next 14 days of enrolments based on the expected completion status of currently enrolled patients.

In the example below, for the "Positive Attitude" program, there is a maximum enrolment capacity of 6 people. For November 9th and 10th, there will be an estimated 5 people attending each session.

Prog	Description	Capacity	09/11	10/11
Positive Attitude	Tuesday & Thursday mornings with Jenny Positive	6	5	5
