

6.69.1 Release Notes

Last Modified on 10/11/2020 2:26 pm ACDT

About this Release

In each release there may be new features and functions that require one or all of the following:

- Purchase of a module to access
- User Training
- Specific process to be used to ensure correct functioning

Please read the release notes and the corresponding manual pages to ensure that you understand the changes being made, what module they are associated with and how they impact on your business processes.

If you have any questions about anything in a release, please contact support either by phone or through a RedMine ticket.

Release Notes for CareRight 6.69.1

Clintel Ref #	Summary	Changes	Reference	Manual Type
81402	Introduced Discontinued Date functionality for items.	Users can now specify a Discontinued Date for an item. This enables companies to automatically halt billing of an item if it is no longer available.	https://careright.knowledgeowl.com/help/editing-an-item	SysAdmin Guide
			https://careright.knowledgeowl.com/help/qrg-updating-mbs-rates	Quick Ref. Guide
