Create a Patient Appointment

Last Modified on 12/10/2023 11:24 am ACDT

Overview

Appointments can be created in two different ways.

1. From the **patient record**
2. Via the main CareRight **calendar**

Notice

Before you create the new appointments, you must have calendar sessions for appointments to be booked within, please refer here if you have not created any **calendar** sessions

For Advanced searching method, please refer **here**

For creating a new patient record, please refer **here**

⊕ **From a Patient Record**

⊕ **Patient Current and past appointments**

⊕ **From a Patient Summary page**

⊕ **Via CareRight Calendar**

⊕ **Out of session bookings**
