

Configurations for PCI Claims in CareRight

Last Modified on 17/06/2021 9:38 am ACST

This article is part of the systems administration guide. You will require administration access to view the pages mentioned in this article.

Patient Claim Interactive (PCI) is sent via CareRight (Eclipse Channel) for MBS items. PCI is for Outpatient services and MBS items being claimed are eligible for reimbursements.

The checklist below walks you through the setup of PCI in the CareRight Billing and Claiming Module.

Special Note	Steps	Full Article	Specific & Mandatory Fields
1st Time Set up only Note: Claims will be unsuccessful if Medicare Registration is not completed correctly.	1. Register for Medicare Online - To activate Eclipse Claim in CareRight.	Medicare Registration Information Pack	Please contact Medicare Australia for full details on 1800 700 199.
	Note: You need to be registered with Medicare before Claiming within CareRight can begin. Please contact Medicare if you have any questions. 2. Contact Clintel for Medicare Online Module installation.		Please contact your designated Clintel Project Manager or raise a Redmine Ticket.
