CareRight has inbuilt XSL-FO Default printing templates for

- Letter
- Theatre Lists
- Operation Report
- Pathology/Radiology Result

This will override if no Custom XSL Templates are configured in CareRight.

Access/Download Default XSL-FO Templates

1. Click **Administration**.
2. Click **Correspondence**
3. Click **Printing Templates**
   - Tab will default to PDF templates, Select the XSL-FO tab:
     - Custom Templates: These are printing templates customized for your practice or individual medical providers
     - **Default Templates**: These are XSL-FO printing templates supplied as out-of-the-box functionality in CareRight. These cannot be modified.
4. This can be Downloaded directly from the **Download** Button
