

## 6.76 Release Notes

Last Modified on 31/12/2021 1:09 pm ACDT

### About this Release

In each release there may be new features and functions that require one or all of the following:

- Purchase of a module to access
- User Training
- Specific process to be used to ensure the correct functioning

Please read the release notes and the corresponding manual pages to ensure that you understand the changes being made, what module they are associated with, and how they impact your business processes.

If you have any questions about anything in a release, please contact support either by phone or through a Redmine ticket.

### Release Notes for CareRight 6.76

## Major Features

### TYRO Payment Terminal Integration

Reference: <https://www.tyro.com/industries/health/>

In this release, CareRight is trialing experimental support for TYRO terminals. Users are able to set up one or more terminals at the Service Location level; request a payment amount, take payments, & perform refunds.

Advanced

At a later stage, expanded support for Allied Health will be rolled out.

### SAML2 Authentication

Reference: [https://en.wikipedia.org/wiki/SAML\\_2.0](https://en.wikipedia.org/wiki/SAML_2.0)

CareRight now supports SAML 2 authentication, allowing users to authenticate against an identity provider.

### SAML Settings

Default Staff Category	Clinician
Default Staff Type	Staff
Default Group	Group assigned by default to SAML logins

Deactivate Edit

### SAML Configuration

The following configuration may only be changed by Clintel Technical Support. Please contact Clintel to discuss necessary changes and schedule a maintenance window.

Assertion Consumer Service URL	https://test6.use.careright.com.au/users/saml/auth
Issuer	https://test6.use.careright.com.au/users/saml/metadata
IdP Entity ID	urn:example:idp
IdP SLO (Single Logout) Target URL	http://10.3.4.17:7000/saml/slo
IdP SSO (Single Sign On) Target URL	http://10.3.4.17:7000/saml/sso
IdP Certificate Fingerprint	2D:53:9C:CB:C5:95:F7:3F:DE:05:83:2C:D0:51:38:74:FF:55:F5:CE
Assertion Consumer Service Binding	urn:oasis:names:tc:SAML:2.0:bindings:HTTP-POST
Name Identifier Format	urn:oasis:names:tc:SAML:2.0:nameid-format:transient
Authn Context	
IdP Certificate Fingerprint Algorithm	http://www.w3.org/2000/09/xmldsig#sha1

### Attribute Mappings

SAML Attribute	CareRight Attribute
userName	User.username
email	User.email
lastName	Person.last_name
firstName	Person.first_name

## Improved LDAP Authentication

Release Notes (6.74.3): <https://careright.knowledgeowl.com/help/6743-release-notes#ldap-configurations>

Released in 6.74.3, CareRight now supports more nuanced LDAP authentication.

## Data Correction - Timestamps on Statements

Prior to upgrading; make sure that "Global Settings > Default Timezone" is set.

Multi-state customers should use the most common zone or head-office equivalent.

## Enhancements

### View a specific batch claim - Paid amount

CareRight User manual: <https://careright.knowledgeowl.com/help/online-batch-claims?widget=false>

Accounting > Locations > Batch Claims > View a specific batch claim

We now show *Paid Amount* near the invoice total.

Invoices								
Invoice	Reversed	Removed From Batch	Invoice Date	Mrn	Client	Invoice Total	Paid Amount	Adjust
885			08/02/2018	000002	Mrs Maggie Peggy Carlson	\$53.25	\$53.25	

## Create a batch claim for specific provider

CareRight User Manual: <https://careright.knowledgeowl.com/help/online-batch-claims?widget=false>

Users can now select to just create a batch claim for specific providers. By default, all are selected.

Online Invoices			
<input checked="" type="checkbox"/>	Inv Guarantor	Medical Provider	Inv Count
<input checked="" type="checkbox"/>	Medicare	Dr Magus POLAN	3
<input type="checkbox"/>	Medicare	Dr Different Provider	3

Batches will only be created for doctors selected.

Create Batch Claims

## Bulk Send Medicare Batches for selected medical provider

CareRight User Manual: <https://careright.knowledgeowl.com/help/online-batch-claims?widget=false>

Add Notes to Raised Batches: <https://careright.knowledgeowl.com/help/add-notes-for-online-batch>

Users can now raise Batches for specific Medical Providers at any given time to send to Medicare via CareRight (Eclipse).

Enhanced feature to **Bulk Send** Medicare Batches for your selected medical providers.

Additional functionality for notes to be added against each Raised Batches.

## Raised Batches

<input checked="" type="checkbox"/>	Medical Provider	Batch Number	Batch Date	Batch Type	Batch Price	Bulk Send		Notes
<input checked="" type="checkbox"/>	Dr Magus POLAN	202109A0055	29/09/2021	Medicare	\$135.15	Show	Send

## Alerts, Notices, and Allergies are exposed to Datasets reporting

Users can now build datasets that include Patient Alerts, Notices, Allergies.

As an example Dataset to see currently admitted/enrolled patients with alerts:

## Field Validations

System Administration > Form validation

Over the coming releases, system administrator users will notice improved validations in many areas - letting you know if you've missed a required field or formatting is wrong as soon as you try to submit.

We will eventually expand this to all areas of the system.

## Duration and attendance note for program sessions

CareRight User Manual Guide: <https://careright.knowledgeowl.com/help/program-attendances>

Program Sessions > Patient Attendance

We now show attendance notes and duration for patient attendance.

**Patient Attendance**

**Patient**

MRN	Name	Duration	Enrolled	Admission	Attendance Note	
<a href="#">000000995</a>	Miss Ada Bastian	Full	No		<input type="text"/>	<input type="button" value="Remove"/>
<a href="#">000000969</a>	Sir Rufus Z O'Hare Bastian	08:45 to 11:50	No		<input type="text" value="dog ate homework"/>	<input type="button" value="Remove"/>

## Updated 3M grouper (GPCS) to version 2021.2.2

Update for the 3M grouper software to Version 2021.2.2

## Layout

We've made some minor design adjustments, to more effectively use screen real estate on modern desktops.

## Full-Width Image Upload for assessment element

CareRight User Manual Guide: <https://careright.knowledgeowl.com/help/available-assessment-forms-elements>

To better cater for mobile and other devices, we've introduced a *Full-Width Image Upload* assessment element.

Existing assessments will not change, but users are encouraged to migrate.
