

## 6.76.1 Release Notes

Last Modified on 17/01/2022 5:22 pm ACDT

### About this Release

In each release there may be new features and functions that require one or all of the following:

- Purchase of a module to access
- User Training
- Specific process to be used to ensure the correct functioning

Please read the release notes and the corresponding manual pages to ensure that you understand the changes being made, what module they are associated with, and how they impact your business processes.

If you have any questions about anything in a release, please contact support either by phone or through a Redmine ticket.

## DVA Information in QHAPDC Reports

We now properly render DVA information for QHAPDC reporting purposes

## Leave days warning when adding line items to invoice for IHC

When adding line items to an IHC invoice, the system will give a warning if any leave days are recorded in the admission. Users then can choose to invoice/not to invoice for the leave days.
