

View My Health Record - General Staff

Last Modified on 12/01/2024 11:12 am ACDT

View a Patient > My Health Record

Once the correct permissions are created, a user will see the following in the patient Record.

1. My Health Record added to the left hand side Menu
2. My Health Record banner at the top next to the patient name
3. Individual Healthcare Identifier (IHI)

Where the system has automatically matched the details of the patient, you are able to then access the full My Health Record details, applicable for your role.

Additionally, this is presented in the patient header; with an indicator of status. Where a patient's record is not available, it will present in a different color to alert the user. Simply mouse over the button for a brief explanation.

The screenshot shows the patient record interface for Miss Beverly MORGAN. The sidebar menu on the left includes options like Dashboard, Patients, Accounts, Admissions, Alerts and Allergies, Appointments, Assessments, Cancer Notifications, Cases & Programs, Clinical Notes, Correspondence, Diagnosis & History, Documents, Events, Followups, Healthcare Identifier, Image Gallery, Invoices & Credits, Measurements, Medications, **My Health Record** (highlighted with a red circle), and Notices. The main content area features a red header with the patient's name, a 'My Health Record' button (highlighted with a red circle), and an 'ALLERGY' button. Below the header, there are buttons for Edit, OPV, Print Label, Print Merge Form, Print HC21, New Appointment, and Manage. A green banner indicates 'Signed in successfully.' and a blue banner provides a message about the patient summary view. The 'Identity' section contains a table of patient details.
