Deleted Tables

- None

Deleted Columns/Indexes

The following columns held duplicate information. To access the correct information, join **patient -> person -> address**.

- f_patient.pt_street
- f_patient.pt_town
- f_patient.pt_postcode
- f_patient.pt_state
- f_patient.pt_res_street
- f_patient.pt_res_town
- f_patient.pt_res_postcode
- f_patient.pt_res_state

Other

- Professional Categories - de-duplication of **Orthopaedic Surgeon**.
 - Professional Categories - maps to MHR/ANZCO specialities unless overridden by users.
-
