

Rehabilitation: Functional Independence Measures (FIM), AROC and AN-SNAP in IHC claims

Last Modified on 21/07/2023 3:15 pm ACST

To submit a rehabilitation claim

- Ensure the **Care Type** of the episode is **Rehabilitation**
- Make sure you've completed a [FIM / WeeFIM assessment](#) at admission and discharge.
- When creating an **IHC Claim** you can now access data entry for **FIM Score at Admission** and **FIM Score at Discharge**.
- You can now additionally access data entry for an **AROC Impairment Code**, and an **AN-SNAP Class**, as well as **Casemix Codes**.

Note: We recommend the use of <https://www.uow.edu.au/ahsri/aroc/tools-resources/> to assist in correct data entry.

| Non DRG Morbidities | |
|-----------------------------------|--|
| AN-SNAP Class | <input type="text"/> |
| AN-SNAP Id | <input type="text"/> |
| AN-SNAP Version | <input type="text"/> |
| AROC Impairment Code | <input type="text"/> |
| Casemix Code | <input type="text"/> |
| Casemix Code Type Code | <input type="text" value="S"/> |
| Mode of Episode End (Inpatient) | <input type="text" value="Discharged to final accommodation"/> <input type="button" value="x"/> <input type="button" value="v"/> |
| Mode of Episode Start (Inpatient) | <input type="text" value="Transferred from acute care in another ward"/> <input type="button" value="x"/> <input type="button" value="v"/> |

| FIM Scores at Admission | |
|-------------------------|---|
| Eating Score | <input type="text" value="Total assistance with helper"/> <input type="button" value="x"/> <input type="button" value="v"/> |
| Grooming Score | <input type="text" value="Total assistance with helper"/> <input type="button" value="x"/> <input type="button" value="v"/> |
| Bathing Score | <input type="text" value="Minimal assistance with helper"/> <input type="button" value="x"/> <input type="button" value="v"/> |
