

Correspondence Tab - Assessments

Last Modified on 02/09/2024 1:13 pm ACST

Where your organisation uses the patient portal to [Create Patient and share assessments to a patient](#) , you can review incoming responses.

See current responses

To search an existing assessment:

1. Search and display the patient.
2. Click on **Correspondence**.
3. Click on Assessments.

All submitted for approval assessments will be displayed.

These can be **Approved** or corrected to form part of the core clinical record.
